21st Century Dental

290 E John Carpenter Fwy, Irving, TX, 75062 · https://www.21stcenturydental.com/

Patient Access Score

5 of 10 checks need attention.

How easy it is for a new patient to find you, reach you and book, based on your website.

What we checked

? **Online booking**
There is a Book button, but we couldn't confirm patients can pick a time instantly.

× **Website chat**
No chat. Visitors after hours have no quick way to ask a question.

× **Text / SMS**
Patients can't text the office from the website.

× **Lead follow-up**
No follow-up or CRM system detected. Enquiries are likely followed up by hand.

× **Reviews on website**
Reviews aren't shown on the website.

✓ **Ad tracking**
Found: Facebook Pixel, Google Analytics.

✓ **Contact form**
Contact form found.

× **Tap-to-call on mobile**
The phone number isn't tappable on a phone.

✓ **Mobile friendly**
Set up for phones.

✓ **Speed**
Loaded in a reasonable time.

✓ **Secure (HTTPS)**
Secure connection.

What we would set up for 21st Century Dental

- Website chat that texts back new enquiries within a minute, day or night
- Two-way texting from your main business number
- Automatic follow-up by text and email so no enquiry goes cold
- Automatic review requests after each visit, shown on your site
- Tap-to-call buttons on every page
- Instant online booking with reminders that cut no-shows

We set it all up and look after it for you. Usually live in 7 to 14 days, and your team doesn't need to learn new software.

Want us to walk you through it?
A free 15-minute call to go through this report and what it would take to fix.
