What we would set up for Reafield Dental

- Online booking calendar that fills straight into your schedule
- Website chat that texts back new enquiries within a minute, day or night
- Two-way texting from your main business number
- Automatic follow-up by text and email so no enquiry goes cold
- Automatic review requests after each visit, shown on your site
- A short enquiry form that goes straight into your CRM
- Analytics and retargeting set up so ad spend can be measured

Everything runs on one GoHighLevel system. Usually live in 7 to 14 days, and your team doesn't need to learn new software.
